

.....

Statement

I hereby state that I have read and accepted the following terms and conditions for the purchase of an educational version of the BIMvision software, as provided below:

1. If the Licensee purchases the license to use the Software for educational purposes or for conducting paid or unpaid teaching or educational activities, the Licensee shall use the Software only for the purpose for which they have been granted the license, and shall refrain from actions aimed at the use of the license for commercial purposes, and particularly for the development of any paid and unpaid projects and provision of services other than educational services on the basis of the licensed Software.
2. If the Licensee violates the prohibition to use the Software for any purpose other than the purpose for which it has been purchased, the Licensee shall pay the Licensor three times the remuneration that would be due to the Licensor, at the time of lodging the claim, for granting consent for the Software to be used by an entrepreneur for commercial purposes in line with Article 79 section 1 point 3 letter b of the Act of 4 February 1994 on Copyrights and Neighbouring Rights.
3. It is necessary to provide the personal data of the Licensee in order to conclude the contract, and the non-provision of such data shall make the conclusion of the contract impossible. The personal data of the Licensee shall be processed by DATACOMP Sp. z o.o. (hereinafter: Data Controller) for the purposes of conclusion or execution of the contract for the provision of service allowing the purchase of educational version of the BIM Vision software on the basis of the provisions of the Regulations on the Provision of Service to which the Licensee is a party, within the scope necessary to execute this contract, and for the purpose of meeting the legal obligation of the Data Controller. The provided personal data shall also be processed for the purposes of legitimate interests of the Data Controller that include the necessity to improve and align the service, ensure service security, run marketing and promotional activities with regard to own services of the Data Controller. The processed personal data shall not be subject to automated decision-making processes, including profiling, and the Licensee shall, at any time, have the right to access their personal data, rectify them, erase them or restrict their processing, object to such processing, enforce data portability, withdraw their consent to the processing of personal data, and lodge a complaint with a supervisory authority.
